

**INTRODUCING
OUR *SLEEK*
ALUMINIUM
BLADE RANGE**

www.fencingandgate.com.au

50mm Gap
50x10 Blade

Modern Design, Exceptional Durability

Transform your property with the contemporary sophistication of our Aluminium Blade Fencing Range. Designed to seamlessly blend style and functionality, this range combines sleek, minimalist aesthetics with durable, low-maintenance materials, making it ideal for both residential and commercial applications.

Our innovative design ensures a flawless, continuous finish when paired with our **100x50** intermediate posts. These posts are meticulously crafted to align perfectly with the blades, eliminating visible gaps and creating a seamless, uninterrupted look that enhances the modern appeal of your fencing. This thoughtful design detail not only elevates the overall aesthetic but also reinforces the structural integrity of your fence.

Perfect for defining boundaries, enhancing privacy, or securing your property, the Aluminium Blade Fencing Range is a versatile solution suitable for **domestic, commercial, or school environments**. Its sleek design, durability, and low-maintenance construction make it an ideal choice for any setting requiring both style and functionality.

40mm Gap
65x16 Blade

No two homes are the same and neither are our Blade fences!

Every design is customisable—from the selection of either straight or angled blades to the various spacing options, we can design it your way to suit your home!

Specifications

- **Slat Sizes:** 50x10 & 65x16
- **Rail Options:** 40x40, 50x50, and 80x50
- **Spacing:** 10mm, 25mm or 50mm & 90mm Standard (Custom spacing on request)
- **Mounting Options:** Panel Mounts & Brick Brackets

Product Highlights

- **Sleek Modern Design:** Clean, minimalist lines for a contemporary aesthetic that complements any property style.
- **Durable & Low Maintenance:** Made from high-quality aluminium, resistant to rust, corrosion, and weathering.
- **Enhanced Privacy & Security:** Narrow blade spacing ensures privacy while maintaining a sharp statement piece.
- **Customisable Options:** Available in various sizes, colours, and configurations to suit your needs.

Elevate Every Entrance with Aluminium Blade Fencing

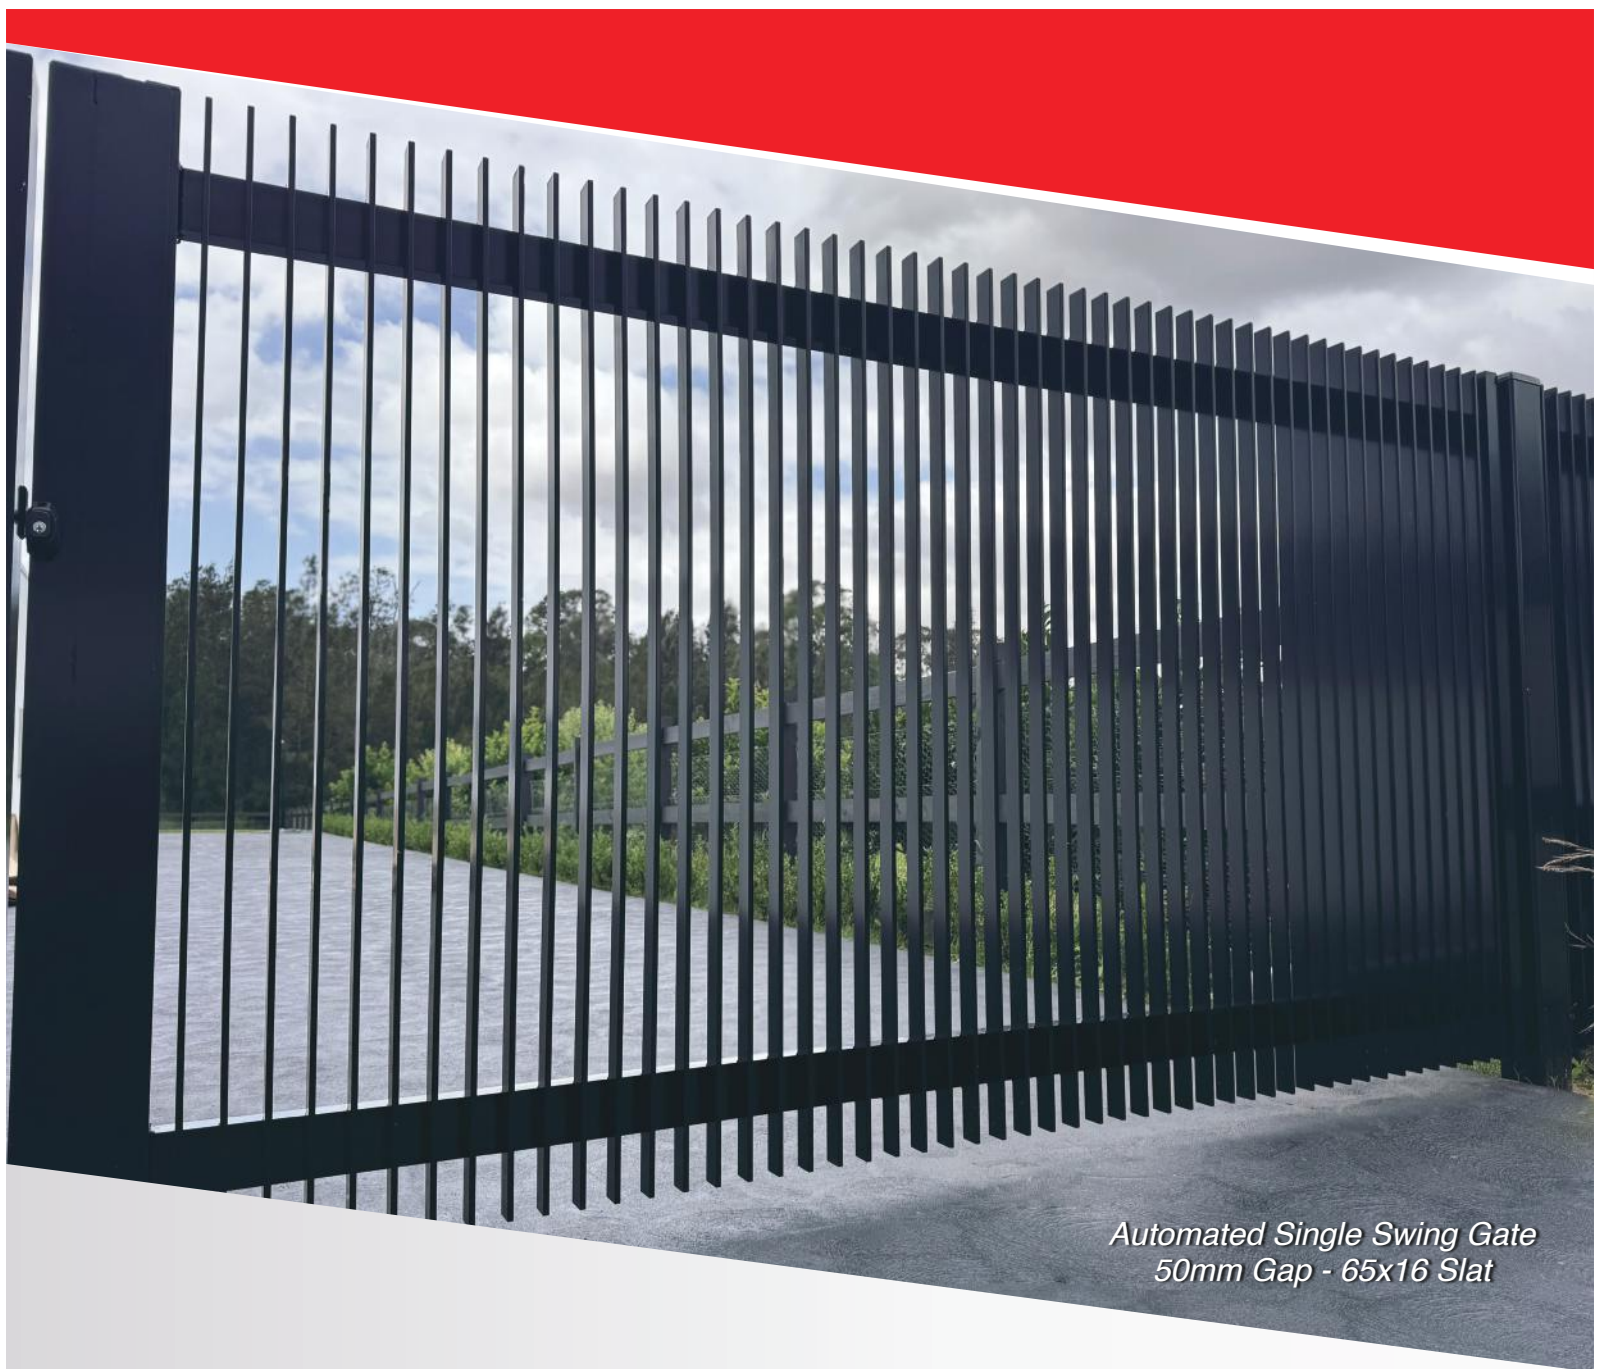

Our Aluminium Blade Gate Range—including single, double, and sliding options—combines sleek modern aesthetics with advanced functionality. Designed for durability and style, these gates provide secure and sophisticated entry points that perfectly complement your aluminium blade fencing.

Single Gate Range: Perfect for pedestrian access, our single gates offer a contemporary and streamlined design. Meticulously crafted to match your aluminium blade panels, these gates provide a secure entryway while enhancing the overall aesthetic of your property.

Double Gate Range: For larger entrances or driveways, our double gates deliver both style and practicality. Featuring a dual-panel configuration, they provide convenient access with a modern touch, making them ideal for residential or commercial properties.

Sliding Gate Range with Automation:

Our sliding gates are the pinnacle of elegance and innovation. Designed to integrate seamlessly with aluminium blade fencing, they offer a smooth, space-saving solution for any property. With the option for full automation, these gates combine cutting-edge technology with a stylish, secure entryway to elevate your fencing to the next level.

*Automated Single Swing Gate
50mm Gap - 65x16 Slat*

Unleash Your Creativity with Our Customisable Aluminium Blade Range

Blade Orientation Options: Customise the orientation—Vertical or Angled—for a sleek, contemporary aesthetic tailored to your property

- ③ **Seamless Finish:** Achieve a flawless look by pairing the blades with our 100x50 intermediate posts, ensuring a continuous, streamlined appearance.
- ③ **Blade Orientation Options:** Customise the orientation—vertical or horizontal—for a sleek, contemporary aesthetic tailored to your property.
- ③ **Privacy Your Way:** Adjust the spacing between blades to find the perfect balance of privacy, airflow, and light, making the fence work perfectly for your environment.
- ③ **Architectural Accents:** Incorporate our durable gates, including automated sliding options, for a cohesive, functional, and stylish fencing system.

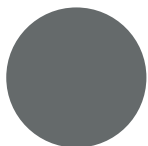

Crafted to combine beauty with durability, our Aluminium Blade Fencing Range requires minimal maintenance while delivering exceptional performance over time. Choose strength, choose style, choose our Aluminium Blade Fencing Range to enhance your space and make a lasting impression.

Bring your vision to life with a bespoke solution that's as unique as your home.

The Elegant **Blade Colour Range**

Our Aluminium Blade Fencing Range is available in the full Dulux powder coating colour selection, including all standard Colorbond® colours, giving you the freedom to create a perfect match for your property. This versatile palette draws from both classic and contemporary design trends, offering timeless tones that enhance any setting.

Choose from soft, neutral shades for a sleek and understated look, or opt for bold, striking hues to make a statement. Whether you're blending with natural landscapes or complementing modern architecture, our colour range ensures your Aluminium Blade Fencing adds a seamless, refined touch to your space. Transform your property with the sophisticated elegance of our Aluminium Blade Colour Range.
